POLITICAL SIGN REGULATIONS

CITY OF BATTLE GROUND

The City of Battle Ground's Sign Ordinance identifies election-oriented signage as temporary signage, which are generally exempt from signage regulations and standards specified in Battle Ground Municipal Code Section 17.139. Therefore, the installation of election oriented signage does not require prior approval from the City before they are installed. However, any election-oriented signage should not be located within the public right-of-way, and should be located on private property with the property owner's authorization. Any election-oriented signage that is located within the public right-of-way will be removed.

Further questions regarding signage regulations in the City of Battle Ground should be directed to Dorothy Harrington, Planning Technician at 360-342-5041.

Chapter 17.139: Signs

Subsection 040.27.C. Temporary, "temporary sign" means any sign or advertising display constructed of cloth, wood, canvas, light fabric, paper or other materials with or without frames intended to be displayed for a limited time only as determined by the planning director and not permanently mounted. Temporary signs include special event signs that advertise civic events such as street fairs, community festivals, parades, farmer's markets, charity benefits, signs attached to external window surfaces and that are readily removable, lettering or symbols painted directly onto or flush mounted magnetically onto an operable vehicle, garage sale signs, pennants, reasonable temporary and seasonal decorations, sign sandwich boards, construction signs, election-oriented political signs and new business/location signs or other such similar signs as determined by the Planning Director.

CITY OF CAMAS

Political Signs -

Camas Municipal Code 18.15.170 exempts political signs from having to obtain a permit. However, the Camas Municipal Code does include the following limitations on the placement of political signs:

One Political sign per candidate per street frontage. Sign surface area shall not exceed six (6) square feet for residential zoning districts and shall not exceed 32 square feet for commercial, industrial, and high technology zones. Political signs may not be placed in public right-of-way, public easements, or any property without the permission of the property owner. Such signs shall be removed 14 days following such election or referendum.

CITY OF CAMAS:

Vision Clearance: Vision clearance areas shall be maintained in all zoning districts except in the DC, CC, RC, and HI zoning districts. Within these zoning districts, vision clearance areas shall be maintained on the corners of all property adjacent to the intersection of two streets, a street and a railroad, or a private street entering a public street. Driveways and alleys are excluded from the provisions of this section.

- A. On all corner lots, no vehicle, fence, wall, hedge or other obstructive structure or planting shall impede visibility between a height of 42 inches and 10 feet above the existing grade. See figure 18.17.030 (2)
- B. The triangular area shall be formed by measuring 15 feet along both street and property lines beginning at their point of intersection. The third side of the triangle shall be a line connecting the end points of the first two sides of the triangle. See figure 18.17.030 (1) .

CITY OF LA CENTER

Sec. 17.70.090 Exempt signs or displays.

The following signs or displays are exempted from coverage under this chapter:

(13) Temporary signs endorsing political candidates, bond elections, school levies, fairs, and similar activities ("temporary political/activity" signs) are permitted without restriction; provided such signs shall be removed within 30 days following the election and/or last showing of any fair, show, or similar activity. The owner, manager, or sponsor of any fair, show, or similar activity and the political candidate or any group or organization sponsoring a candidate shall be responsible for the removal of such temporary sign. [Ord. 98-2 § 1(c), 1998.]

Sec. 17.70.100 Requirements applicable to all signs.

(3) Sign Maintenance. All signs, including signs heretofore installed, shall be constantly maintained in a state of security, safety, and repair. If any sign is found not to be so maintained or is insecurely fastened or otherwise dangerous, it shall be the duty of the owner and/or occupant of the premises on which the sign is fastened to repair or remove the sign within five days after receiving notice from the designated public official. The premises surrounding a freestanding sign shall be free and clear of rubbish, and landscaping area free of weeds.

(4) Sign Obstructing View or Passage. No sign shall be located so as to physically obstruct any door, window, or exit from a building. No sign shall be located so as to be hazardous to a motorist's ingress and egress from parking areas of any way open to the public.

17.70.110 Prohibited signs.

The following signs and advertising displays or structures are not permitted, except as indicated. Signs installed, altered, relocated or maintained in violation of this title are subject to removal at the owner's expense after appropriate notification by the city.

(1) Signs and advertising displays and structures which are animated, rotatable, moveable, audible, or illuminated by any intermittent, flashing, or scintillating sources of light or sound, other than the movement of the hands of a clock or digital changes indicating time and temperature. Signs and displays utilizing banners, flags, pennants, streamers, twirlers or propellers, strings of lights, flares, balloons, and similar devices are permitted only for a maximum of 15 days as seasonal decorations, grand openings, or special sales.

(2) Signs affixed to or painted on trees, rocks, or other natural features or on utility poles, bridge abutments, and other public structures unless otherwise permitted as official signs.

(3) Signs which purport to be, or are in imitation of, or resemble an official traffic sign or signal, or which bear the words, "Stop," "Caution," "Danger," "Warning," or similar words.

(4) Signs which, by reason of their size, location, movement, content, coloring, or manner of illumination, may be confused with or construed as a traffic control sign, signal, or device, or the light of an emergency or radio equipment vehicle, or which obstruct the visibility of any traffic or street sign or signal device.

(5) Billboards and off-premises signs or advertising displays of a permanent nature; other than off-premises signs giving directions to nonprofit, public service establishments with a maximum size of 10 square feet. [Ord. 98-2 § 1 (c), 1998.]

Dear Candidates and Committee Members:

Every political season generates considerable citizen comment regarding the number, construction and placement of political signs during election campaigns. I am writing to familiarize you with Vancouver's sign regulations and policies regarding political signs. I am also writing to urge you to make a voluntary pledge to comply with a program to minimize the visual blight that the political season can engender, especially in some of Vancouver's most beautiful and historic areas.

Vancouver sign regulations prohibit the following:

- Posting of any signs on trees, structures or installations upon a public street. This includes no posting of signs on telephone poles, utility cabinets, fire hydrants, streetlights, or parking meters.
- Posting of any signs on any property (including abutting parking strips) without the consent of the owner or owner's agent.
- Posting of any signs on City owned or leased property without the consent of the City. (See the attached policy regarding "Political Signs on City Property".)
- Placement of any sight obscuring object, including but not limited to signs, within any required yard area between 30 inches and 10 feet above the street grade within the triangular vision clearance area as shown in the attached diagrams.
- Signs and sign support structures that are not constructed to resist being overturned by wind.

I believe that there is widespread community support to go beyond these minimum legal requirements to keep Vancouver's street rights-of-way and public areas free of the clutter of unlimited political signs. You are also no doubt aware of court decisions which limit the ability of the City to limit this unsightly clutter along our City streets.

We are therefor requesting all candidates, promoters and opponents of ballot measures and their campaign committees to voluntarily pledge to abide by Vancouver's voluntary guidelines for political signs and to keep political signs out of the street rights-of-way, especially in Vancouver's most scenic and historic areas. Enclosed is a diagram illustrating recommended sign placement along rights-of-way. We ask that no signs be placed in historic or scenic areas such as Officer's Row and Vancouver's National Historic Reserve.

City of Vancouver Political Campaign Sign

Regulations and Guidelines

City Ordinances prohibit:

- Posting of any signs on trees, structures or installations upon a public street. This includes no posting of signs on telephone poles, utility cabinets, fire hydrants, streetlights, or parking meters.
- Posting of any signs on any property (including abutting parking strips) without the consent of the owner or owner's agent.
- Posting of any signs on City owned or leased property without the consent of the City. (See "Political Signs on City Property" below.)
- Placement of any sight obscuring object, including but not limited to signs, within any required yard area between 30 inches and 10 feet above the street grade within the triangular vision clearance area as shown in the attached diagrams.
- Signs and sign support structures that are not constructed to resist being overturned by wind.

Political signs on City Property:

RCW 42.17.130 provides that public facilities may not be used, directly or indirectly, for the purpose of assisting a campaign for election of any person to any office or for the promotion of or opposition to any ballot proposition.

In keeping with this prohibition and city ordinance, political signs may not be posted or placed on any City owned or leased property except as follows:

- As part of a political demonstration or similar political event held in a traditional public forum on City owned or leased property. These locations would include those portions of City parks or other City properties which are traditional public forums. (E.g. The plaza in front of City Hall.) This would not include any City building or facility that is not a traditional public forum, such as the interior of City Hall, Marshall Center, and other City offices and work facilities.
- To identify or direct participants to a political function in a rented City facility which is generally made available by the City on a content-neutral basis to private or non-profit entities - e.g. rented meeting or banquet rooms at Luepke Center or Marshall Center. Signs shall be subject to the terms of any lease or use agreement for the specific facility and shall bear a notation stating that the event is not sponsored or endorsed by the City of Vancouver.

Voluntary Candidate Guidelines:

The City of Vancouver believes, based on citizen comments, that there is widespread community support for minimizing the clutter of political signs in the public right-of-way. Citizens generally comment that a proliferation of signs obstructs their view of traffic and pedestrians at intersections, makes the community look cluttered and interferes with public travel and convenience when they walk or must maneuver to avoid signs posted in parking strips.

In addition to compliance with the City ordinances and state laws described above, the City of Vancouver asks for the voluntary commitment of candidates, supporters and opponents of ballot measures, and their campaign committees to follow these guidelines:

- To employ best efforts to ensure that political signs will not be placed in street rights-of-way, and in particular those on or near:
 - Parking strips in areas where members of the public enter and exit vehicles.
 - Scenic or historical areas such as Officers' Row, the Vancouver National Historic Reserve area, and City parks and recreation areas. (Those areas of the Reserve which are federal property are governed by different regulations and questions regarding such regulation should be directed to the Department of Defense or National Park Service).
- To employ best efforts to remove political signs from street rights-of-way within fifteen (15) days after the election. (E.g. by making certain that your campaign committee has a master key map of locations and a schedule for picking up signs.)

Attached is a pledge form, which the City asks candidates, committee members, and promoters or opponents of ballot propositions to sign as a voluntary agreement to abide by these guidelines. Please fill out this form and forward it to the City Clerk's Office.

If you have any questions, please call Richard Landis at the Development Review Services, 360-619-4148 or visit their office at 1313 Main Street, 3rd Floor, Vancouver, WA.

Dear Candidates and Committee Members:

Election season often prompts questions and concerns about placement of political signs. With this letter we would like to ensure that you are familiar with local regulations, policies and practices, which reflect widespread community support to keep rights of way clear of clutter.

Requirements are as follows:

- A special permit must be obtained to place political signs in unincorporated Clark County. Permits are available at no cost from the Department of Community Development, P.O. Box 9810, 1300 Franklin Street, Vancouver 98666. An application is enclosed with this packet.
- Signs may not be placed in locations that would constitute traffic hazards. If you are advised by this office of a hazardous placement, please remove the sign at your earliest convenience.
- Political signs must be removed within 15 days of the election. Campaigns with a master map of sign locations and a pickup schedule will find it easier to comply.

In addition to these requirements, it is our custom to request that candidates and promoters of ballot measures voluntarily commit to keep signs out of rights of way. A diagram showing recommended placement along roads is enclosed to assist you in complying with this request. A copy of the commitment form also is included. Please file this form along with your permit application.

If you have any questions, please call the Community Development Department at 397-2375, extension 4080, or visit their office at 1300 Franklin St. in Vancouver.

Thank you for your cooperation and I wish you the best of luck on all your future endeavors.

Sincerely,

Betty Sue Morris, Chair

Dear Candidate:

The Department of Transportation wishes to take this opportunity to advise all candidates regarding the placement of campaign signs and placards along state highways.

RCW 47.42, the Scenic Vistas Act, regulates signing on Interstate Highways, all Primary Highways, and the entire Scenic and Recreational Highway System. Signs erected on private property adjacent to these highways must comply with the Scenic Vistas Act, and local zoning restrictions.

In accordance with **Washington Administrative Code (WAC) 468-66-050, Classification of signs**, political campaign signs are considered a Type 3(b) on-premise sign for which no fee or application is necessary. Temporary political campaign signs are signs which express the property owners endorsement of a political candidate or ballot issue, with the following restrictions:

- Temporary political campaign signs are limited to a maximum size of thirty-two square feet in area.
- Temporary political campaign signs must be removed within ten days after the election.
- Temporary political campaign signs are subject to all other applicable provisions of Chapter 47.42 RCW and Chapter 468-66 WAC that pertain to Type 3 on-premise signs.

In addition to the above restrictions, **the erection of temporary political campaign signs within the right-of-way of all state highways is illegal. Accordingly, signs placed within the right-of-way of any state highway will be removed by the Department of Transportation.**

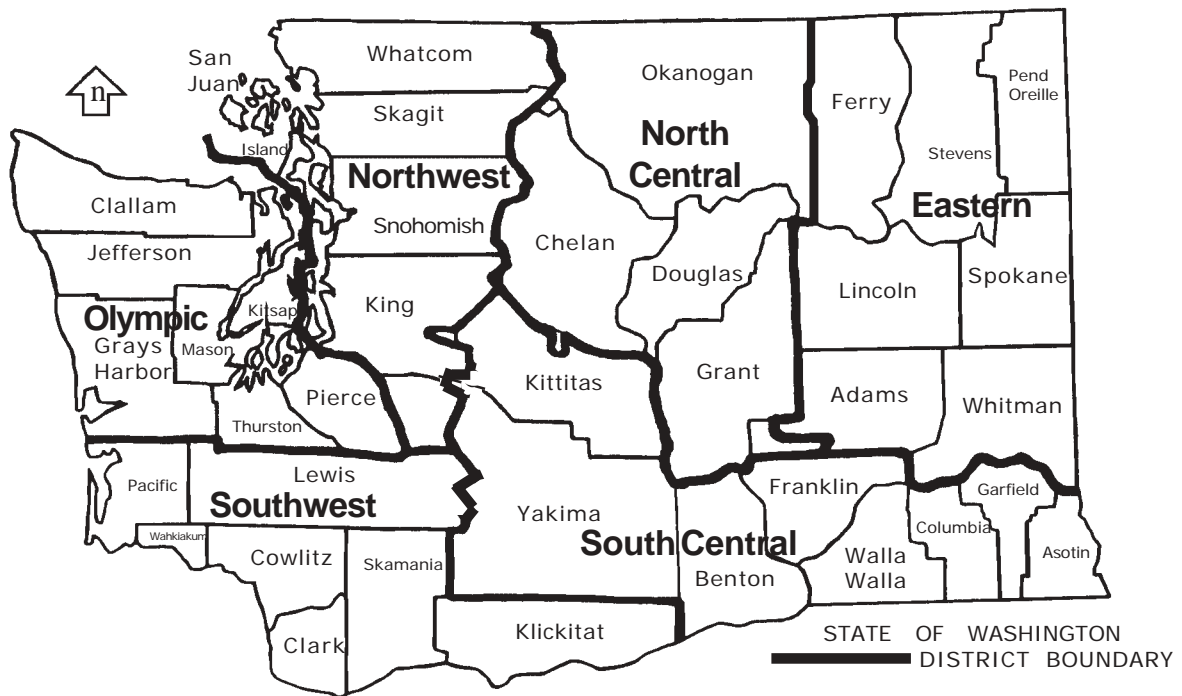

To assist you with any questions you may have relative to signing for your campaign, please contact the appropriate individual listed on the attached map that identifies the Transportation Region containing the county in which you signed your Declaration of Candidacy.

We sincerely hope that candidates for public office will observe the laws and regulations enacted to protect and preserve the roadside beauty of our state.

Thank you for your courtesy in this matter.
